

Roger Beebe of Plane Talk Consulting
presents two courses

**Dealing with
the Regulator**

An interesting and serious discussion on how the system works and some pointers on how to navigate through it, deal with it and still remain sane! This course is designed to help industry understand and communicate with the regulator. Learn from his 32 years of experience with Transport as Roger explains the workings within.

**and Human Factors
Recurrent Training**

This is a short and snappy four hour review of human factors. Learn from his 45 years of experience as Roger explains how human factors affect our performance.
